NO MORE KINGS: THE TRUTH ABOUT BILLIONAIRE OLIGARCHS

Who Really Runs the Show?

You know the names: Musk, Bezos, Trump, Zuckerberg, Gates, Adelson, Thiel. But what if the real power isn't just "billionaires"—it's a **global syndicate** using technology, finance, and government capture to rule from behind the scenes?

ISRAEL: THE BILLIONAIRE FACTORY

- **42 Israelis on Forbes' 2024 billionaire list**—a record, driven by tech and finance[2][3].
- **Silicon Wadi**: Israel's "Silicon Valley" is a global hub for AI, surveillance, and cyber startups, many with deep military/intelligence roots[1][5].
- **Russian, American, and European billionaires** use Israeli citizenship and banking as a safe haven[8].

THE TECH WEB: HOW THEY CAPTURED THE SYSTEM

- **Palantir (Peter Thiel):** Seeded by CIA and Epstein money, now runs U.S. government surveillance, ICE, predictive policing, and Israeli military targeting.
- **Wiz:** Israeli-founded, now a $12B+ cloud security giant, four founders just joined billionaire ranks[3][5].
- **Mobileye:** Israeli self-driving tech, sold to Intel for $15B, now runs global vehicle data collection[4][5].
- **monday.com, NSO Group, Check Point, CyberArk:** Israeli tech firms controlling productivity, cybersecurity, and spyware for governments and corporations worldwide[5].
- **Amazon, Google, Microsoft:** All run major R&D in Tel Aviv and buy out Israeli startups—embedding Israeli code and backdoors in global cloud and AI infrastructure[5].
- **Nimbus Project:** Israeli government's cloud AI contract, awarded to Google and Amazon, fusing U.S. tech with Israeli intelligence[5].

THE OLIGARCHS' PLAYBOOK

- **Buy Politicians:** AIPAC and tech billionaires fund 80% of U.S. electoral races, ensuring pro-Israel policy and deregulation.
- **Control Media & Censorship:** Big Tech (X/Twitter, Facebook, Google, Amazon) censors dissent, especially criticism of Israel or billionaire power.
- **Weaponize AI:** You get public AI; they get military-grade AI for surveillance, population control, and "pre-crime" targeting.
- **Backdoor Everything:** Israeli firms supply cybersecurity and spyware to governments, corporations, and police—often with hidden access.
- **Monopolize Security Grants:** Jewish NGOs get 91–97% of U.S. "nonprofit security" funds, while other groups get scraps.
- **Move Money Freely:** Dual citizens and global billionaires shift assets, dodge taxes, and buy influence using Israel as a legal shield[2][8].

THE TRUMP/MUSK/NETANYAHU CONNECTION

- **Trump:** Wants $500 billion of your tax dollars for more government AI—meaning more surveillance and less freedom.
- **Elon Musk:** “Jewish by association,” partners with Israeli military, censors X/Twitter at their request, and blocks internet to Gaza.
- **Netanyahu:** Orchestrates wars, assassinations, and global blackmail; brags “if Israel falls, many other countries will fall.”

WHAT THIS MEANS FOR YOU

- **You are paying for your own capture:** Your taxes fund the AI, surveillance, and wars that destroy your rights and security.
- **The “kings” aren’t just billionaires—they’re a syndicate:** Israeli, American, Russian, and global oligarchs working together.
- **Hypocrisy and betrayal:** They promise freedom, but deliver control, censorship, and endless war.

WHAT CAN BE DONE?

- **Demand transparency:** Who owns your data? Who funds your politicians? Who writes your laws?
- **End dual citizenship in government:** No more foreign agents in Congress or national security.
- **Defund the surveillance state:** No more blank checks for AI, Palantir, or “security” grants.
- **Support real accountability:** Military and law enforcement must defend the Constitution, not billionaire syndicates.

NO MORE KINGS = NO MORE OLIGARCHS = NO MORE FOREIGN CONTROL
